Winter Storm Season & Remote Learning Snow Days at Woodland School

Dear Parents and Staff,

As winter approaches, Woodland School is once again prepared to implement remote learning snow days, a flexible option we've successfully used in recent years. When forecasts predict significant snow, sleet, or high winds, the Superintendent will announce a remote learning day the day before the storm, giving families and staff time to prepare.

On these days:

- Students will work from home on academic activities using school-issued laptops.
- Breakfast and lunch will be provided in advance for students to take home.
- Notifications will be sent to families, students, and staff via our usual communication channels.

Woodland School will continue to use early dismissals and delayed starts when appropriate, and traditional snow days will still be called when necessary. Our top priority remains the safety and well-being of our students, and we appreciate your support in making remote learning snow days a smooth and productive experience.

Should you have any questions please contact me at your earliest convenience.

Sincerely,

Karla C. Michaud

Karla C. Michaud
Superintendent of Schools
